ECHOES OF RECENT RIOT

EVANSVILLE SPEAKERS DID NOT VENTURE TO ASSUME CAUSE.

Five Members of Militia Company Lost Their Positions-Indiana University-Deaths in the State.

Special to the Indianapolis Journal. EVANSVILLE, Ind., July 14.-A meeting of the Evansville Business Association was held in its hall this evening to discuss the recent riot and the causes leading up to it. Several speakers reviewed the riot but no one ventured to assume the causes. It was reported to the association that five of the men who were in the militia company that fired on the mob had lost their positions since and a committee was appointed to call on the various firms and learn why the men had been discharged. The committee will begin its work in the morning. The meeting was largely attended. Three of the men who were discharged were employed at a local brewery. One was employed at a drug store and another at a grocery store. It was the general opinion of the association that the men lost their jobs because they were members of the militia.

BLOOMINGTON, Ind., July 14.-There are four Japanese students enrolled at Indiana University this term, an exceptional number for a western university. Their names are Heikichi Yoshiscka, Sukichi Yoshiscka, Takujo Ogihara and Hero Ichinomiya. They are untiring and industrious workers, and although they have been here in America but a few years they are acquiring American ideas with wonderful rapidity and carry the same college work as other stu-

While touring this country four years ago he became interested in American education and entered college at Ohio University where he began the study of electrical engineering. Last year he was in Purdue from which he is to graduate next year. He entered Indiana University this term to be with his brother Heikichi, who has been a student here since the winter term. Takujo Ogihara and Hero Ishinomiya are from Tokio. Tokujo is a great lover of chemistry, and upon finishing his education in this country intends to return to his own land where he will take up the study of industrial chemistry. Hero enjoys the distinction of being the first student to enter college here almost direct from his native land. After arriving in New York where he spent a short time, he came direct to Indiana University, of which he had learned something through his friends. His tastes lie in the direction of economics and philosophy. Most of these students were induced to come to American colleges through the influence of American mission schools in

Will Test "Snow" Ordinance.

Special to the Indianapolis Journal. ANDERSON, Ind., July 14.-A suit was filed in the Madison Circuit Court to-day which will test the validity of an ordinance passed by the City Council of Elwood. Mrs. Sarah E. Dillon fell last winter on the sidewalk in front of the Leeson store at Elwood. The city had previously enacted an ordinance which required property owners to remove snow and ice within twentyfour hours after its fall. In the complaint filed to-day both the city of Elwood and the estate of the Leesons are made defendants. The claimant asks for damages amounting to the sum of \$5,000.

Temperance Victory at Albany.

Special to the Indianapolis Journal. MUNCIE, Ind., July 14.-The organized fight which the temperance forces of Delaware county have maintained against the saloon keepers culminated in another victory to-day, when Eli Zehner, of Albany, was compelled to withdraw his application for a liquor license. The remonstrators had twenty more than the required number of names. The remonstrators have also won every fight at Gaston. The temperance people expect to have every saloon n the county outside of Muncie closed in a few weeks.

The shootthe consumer at \$3.50 per ton, and that the paid common labor in Redford and Condon had an altercation and Condon struck him two or three blows with his fist. At this point Harrell drew his pistol and fired three times in rapid succession, two of the bullets taking effect, one in Condon's left breast and the other making a slight flesh wound in his thigh. Immediately after the shooting the wounded man was taken to Dr. Rice's hospital. Harrell went to his room in the Commercial Hotel, where he was found in bed by the police some time later. When discovered in bed Harrell was deathly sick and it was thought he had taken poison. It was later discovered by a doctor that he was simply sick from a too liberal indulgence in liquor. The shooting last night is the third that has taken place in the same quarter block within the last three months, the first being the shooting of Bill Beaver by John Zwick. Beaver was shot through the lungs and neck and recovered. The second was the attempt of Charles Pfeifer to commit suicide in the rooms of his mistress, Kate Jones, Pfeifer put a 32-caliber bullet through his left lung, just grazing the heart, but is now on a fair road to recovery. It has come to light that since the shooting of Condon that Harrell shot at Jesse Taylor, an inmate of the Jones resort, Saturday night.
